

Personal Portfolio Information Box

1. Basic Information

Full Name: MD. SIAM KABIR

Display Name: Siam Kabir

Professional Title: Full-Stack Developer / Web Developer

Location: Rangpur, Bangladesh

Short Bio:

I am a full-stack web developer focused on building modern, responsive, and performance-driven websites and web applications. I work with technologies like Next.js, Laravel, Supabase, and modern frontend tools to create clean user experiences, scalable platforms, and business-focused digital solutions. I enjoy turning ideas into professional, functional products that are ready for real users and clients.

Degree: BSc in Computer Science

Current Year/Semester: 3rd Year, 1st Semester

Relevant Courses:

Database Systems, Web Development, App Development, Information System Design, Software Engineering, Operating Systems, and related computer science courses.

8. Testimonials / Proof

Testimonial 1 — Draft for Johannes Naaber

Siam did an excellent job developing both the Hano Animations and Hano Insider websites. He understood the project requirements clearly, delivered a modern and professional result, and handled the technical implementation with care. The websites look polished, perform well, and match the business goals we had in mind.

Testimonial 2 — Draft for Panther

Siam helped create a clean and premium landing page that matched the style and direction of the project. He was responsive, easy to work with, and focused on delivering a high-quality final result with modern design and smooth user experience.

Testimonial 3 — Draft for Sophie

Working with Siam was a great experience. He communicated clearly, understood the requirements, and delivered a professional website result. The final work was clean, responsive, and well-structured.

9. Website Design Preference

Theme: Light and dark mode support

Main Colors:

Use a professional 60/30/10 color ratio:

- **60% Base Color:** Deep navy / soft off-white for the main background
- **30% Secondary Color:** Charcoal, slate, or muted gray for sections and cards
- **10% Accent Color:** Electric blue, cyan, or violet for buttons, links, highlights, and important UI elements

Recommended Palette:

- Deep Navy: #0B1120
- Soft White: #F8FAFC
- Slate Gray: #334155
- Electric Blue: #2563EB
- Cyan Accent: #06B6D4
- Violet Accent: #7C3AED

Style:

Cool, modern, technical, professional, premium, and interviewer-friendly. The design should feel clean enough for recruiters and clients, while still showing strong technical creativity.

Reference Websites: No reference currently

Animation Preference:

Professional motion design with smooth page transitions, text reveal animations, scroll-based reveal effects, hover interactions, reverse animations, subtle micro-interactions, and premium interactive sections. Animations should improve the experience without making the website feel heavy or distracting.

10. Call To Action

Main Button Text: Contact Me
